DIARY NOTES

DD/S

22 November 1960

25X1A9a

1. [REDACTED] reported that Dick Bissell had agreed not to go to the Reserve on Project [REDACTED]. I asked him to send me a little memorandum on this so that I could report to General Cabell concerning our reasons for not requesting the release which he approved.

4. I have talked to Jim Garrison on two occasions about the possibility of having [REDACTED] return next summer and become the Deputy Director of the Office of Logistics. He would prefer to have [REDACTED] come in as Executive Officer and make [REDACTED] the Deputy Director with the understanding, however, that [REDACTED] would move somewhere in the next year or two and that [REDACTED] would become the Deputy. If on the other hand we can find some other assignment for [REDACTED] he is perfectly willing to accept [REDACTED] as his Deputy as soon as he returns.
